

### IMPROVEMENTS THROUGH- OUT ENTIRE PREMISES

Colonel Harbin never does things by halves. The improvements at the Briggs House prove that beyond cavil. The rear of the premises is now undergoing a thorough overhauling and renovation. The wooden side walks are being torn away and will be replaced with cement, every portion of the unused lumber is removed and the result is gratifying. An air of neatness and modernness prevail that will attract people and there is no doubt that the hotel, which has always been a popular resort will enjoy double the patronage it has always commanded.

#### GEORGIA HARPER'S MAGDA

Miss Georgia Harper in the city of Magda at the Carson House last evening was a contribution to her local friends. In this city, who also knew that her impression of the character placed her in the Carson House, the creator of that role. Her manner was excellent and the company as a whole is far above the average in dramatic talent of prominent theatrical combinations that demand all edged actors of all classes. An effort was made to have Miss Harper repeat her artistic presentation of Magda during her appearance—Virginia Chronicle.

—She was an arrival this morning from Reno.

### MONEY FOR STATE UNIVERSITY

RENO, Sept. 12.—The late David Russell, who was killed by being thrown from a load of hay while working on his ranch in Sierra Valley last Saturday afternoon, made a will shortly before his death, bequeathing to the Nevada State University the bulk of his fortune, which is estimated to be worth between \$15,000 and \$20,000. This property is left in trust to C. T. Bender, trustee, and is to be invested by Mr. Bender as he desires and the interest is to be paid to the state university annually. The principal is not to be touched by the college, but according to the terms of the will \$100 is to be deducted from the interest each year and given to the St. Mary's school in Reno, and the remainder of the interest is to be given to the university, to be used as the regents of the college think best.

#### BONDSMEN WITHDRAW

The local bondsmen of D. W. Semple, of Arizona, who was arrested for sending obscene matter through the mails, has notified the Deputy United States Marshal that they will withdraw from Semple's bond. Unless Semple can furnish a new bond he will be rearrested.

Mr. and Mrs. Arthur Swart and Mrs. G. W. Hawkins have gone to Portland, Ore., on a combined trip of pleasure and business.

Silver has reached the highest mark. The Eagle Market will be removed to the building opposite the Capitol.

#### W. A. FRIEND ILL

W. A. Friend, late of the composing force of the Nevada Press Company, has now of Reno, has been very ill at the Sierra Hospital, but is now improving.

The Salt Lake road has secured sufficient material to resume construction of the road between Las Vegas and Panguitch.

All the material necessary for a gas making plant is on the ground at Tonopah, and the laying of mains is progressing.

M. C. and Mrs. Gardner returned this morning from a visit to Fallon and Reno.

### MRS. MARY LEETE DIES AT HER HOME TODAY

After an illness extending over a period of many years, Mrs. Mary Leete died at her home in this city shortly after noon today. Several years ago Mrs. Leete was stricken with blindness and although her sight was afterwards partially restored, life since that time has been a physical burden. In word, of complaint, however, ever passed her lips, but, on the contrary, her every thought was for the comfort of others.

Mrs. Mary Leete was born in Ireland, August 15, 1829, and had, therefore, passed her 77th birthday last month.

She was married to James A. Leete in Forest City, California, and came to Washoe in 1862. In 1870 the family removed to this city where they have resided since, continuing ever since.

Her last years were today her last. She was laid in the city cemetery and her body will be laid to rest.

Mrs. Leete leaves to mourn her loss a son, David Leete, Mrs. Hannah O'Brien and Miss Mollie Leete and three grandchildren, Mr. William James O'Brien of the St. S. Francisco, John O'Brien, clerk at the Steamboat dock store and Miss Frances O'Brien of the Nevada Press Company.

The funeral will probably take place Saturday but full arrangements have not yet been completed.

### SAN FRANCISCO, Sept. 12.—For

some unknown reason some of the depositors of the Hibernian Savings Bank started a run on the bank yesterday. The Hibernian is the biggest savings institution on the Pacific coast. It has \$6,000 depositors and the deposits amount to over fifty millions of dollars. The bank has always been noted for its conservatism and is regarded as a strong institution. When the run started today police were called to keep the people in line and depositors were paid off as fast as they applied for their money. Five paying tellers were kept busy and no advantage was taken by the bank of its rules requiring notice before a deposit could be withdrawn. Joseph S. Tolan, one of the officers of the bank, stated that he knew of no reason for the run.

At a late hour tonight all the depositors in line had been paid off. Many who withdrew their money afterwards deposited it.

There is a story on postal cards, the bank Nelson fight having taken 25,000 of them in one bunch and various other business callings having appropriated the remainder.

The plowing crop is said to be larger this year than for many seasons. Look out for a cold winter and lay in a good supply of wood.

Clarey Elzing has recovered from the effects of his accident in the Loy Allen mill and is now employed as brakeman on the Southern Pacific railroad.

The State Bank and Trust company is making improvements on its building rooms and by Monday will present a fine appearance. Every bit of furniture and every appurtenance is strictly modern and the offices will have a decidedly metropolitan air.

Candelaria is waking up from a long sleep. Salt Lake capital is coming in and the old mines are to resume operation.

William Lampe, who owns a farm containing seven acres of land near Gardnerville, harvested 21 tons of barley this year.

### NEW FURNITURE STORE TO BE OPENED

The rooms directly south of the Western Union Telegraph office have been leased by a firm which will put in a stock of up to date furniture and maintain the same in a strictly first class style.

One by one the vacant stores on Carson street are being occupied and it will not be long before there will be more calls for places than can be satisfied.

Hooray for Carson City.

#### WILL SOON DROP STAMPS

Virginia City, Sept. 11.—The reconstructed Alta mill will begin dropping its fifteen stamps on the Alpha ore in Lower Gold Hill by the close of the current week. The rehabilitated mill is one of the most complete ore reduction plants in the State and is equipped with every modern appliance for extracting bullion values.

#### MRS. PARSON DAVIS: AN APPRECIATION

"See thou character." What a fine thing it is to lead a long, blameless, charitable life.

Grandma Davis had charity great enough for all. None were so abundant as those which proceed from a sense of loss of a good companion, kind friend, loving confident, tender mother.

Grandma Davis was glad that he was spared the pain of losing her, her kind heart, torn as it was by the loss of this companion over whom she had hovered with tender care for years, yet had room for a thought for him who had preceded her to the great beyond.

Of late years she had simply waited until she should join him. Resigned, cheerful, her good heart expanded toward her grandchildren and a circle of friends in a home, she walked down toward the valley of the shadow of death without a tremor, without once fearing she should be lost in the darkness, and when she came to the great dividing line, she smiled at those about her.

Hardly an oldtimer, few of the younger generation and none of her many friends will ever forget that kindly face, that soft hand, the great heart that had room for the "tough" and the weary, disappointed, weary, tortured souls that poured out their griefs on her motherly bosom, or the cheery smile with which she greeted every little success of those who had succeeded.

A faithful handmaiden of the Lord, she looked upon Him throughout the days of her long life. His rod and His staff, they comforted her, His mercies and His example were her law of life, and well did she observe those laws.

There is no grief or regret as that of loving hearts that feel the one who

### BAD FIRE AT TONOPAH

TONOPAH, Sept. 12.—A \$10,000 fire less resulted here yesterday in the burning of the Turner House and a cottage adjoining. Splendid work on the part of the firemen saved the town from destruction. The Golden Eagle Hotel, near the scene of the flames caught fire from the sparks but the embryo flames were extinguished before much damage was done on this building.

The fire started at 12:15. The cause is unknown but it is thought that a defective flue in the Turner House caused the fire.

Miss Louise Wardle of Virginia City will take the position of bookkeeper at the Gray, Reid, Wright store during the absence of Miss Alice Hannon, who will leave Sunday evening for a visit with friends in San Francisco and other California towns.

### CLAUDE COOK FOUND AT VERDI

Reno, Sept. 12.—Claude Cook, the 14 year old boy, who disappeared from Reno Sunday and whose father, H. N. Cook, the wealthy Oklahoma merchant, thought was kidnapped, has been found at Verdi. The Youth was working there and his father left yesterday to bring him home again.

Mrs. Cook was at the Clarendon hotel last night and she anxiously awaited news of her son. A telegram came last night that the boy was unhurt and that he would be held by the authorities until the father reached the scene.

The suspects Frank Ward, and Henry Patterson, arrested for their alleged connection with the disappearance, were released from custody by the officers yesterday. Their denial of all knowledge of the Cook boy were believed and subsequent developments seem to support their assertions.

#### THE STOCK MARKET

"A prophet is not without fame," says the proverb, and now comes Dr. von Radesky, with his own, his cry own case in point.

It must be our Dr. von Radesky, for a search of the State directory shows but one Dr. von Radesky, and he lives in Carson City.

"Dr. von Radesky has been deposited as county physician of Ormsby county, and Dr. Merkle appointed to the place. The doctor has been a hunter for one office or another since he landed in Carson. He had hardly gotten his feet warmed in the town when he tried to butt in as a physician at the prison. Failing in this, he convinced the commissioners that a county physician was badly needed, and got the job. He then ran for school trustee and was elected, and had a two-run bout with Professor Mitchell. He wanted to go as a delegate to the Democratic convention, and when he was turned down, he framed up a ticket as follows:

"We the following Democrats, etc." Why for some reason the ticket was not put in the field.

The Republican convention was held soon after, and the doctor was whirled down to Tonopah, but a member of the Ormsby delegation got hold of one of his "We, the undersigned Democrats, etc." primary tickets, and when the doc. hit Tonopah his name was mud. The doc. kept moving and his next move is anxiously awaited—Virginia Chronicle.

A good old saying is "Hitch your wagon to a star" or words to that effect, but when that advice is followed, be sure and hitch onto a star that has not been previously hidden under a bushel or a miner's lunch bucket.

The only mistake the doctor seems to have made was in attempting to carry water on both shoulders;—naturally it spilled, deluging himself and a friend or two who did not need a bath at all.

"Amateur politics," says Jim Woodbury, "has ruined many a bright young man," and he ought to know.

Monarch Tribune is the name of a new paper that has made its bow to the public. It is published in Nye county.

The offices in the state capital yesterday were closed out of respect to the late Mrs. Sylvia Davis, mother of the State Controller.

#### OPPORTUNITY FOR INVESTORS

The Silver Queen Mining Company of Oakland, California, owning and operating mines in the L. N. L. Mining district, Churchill county, Nevada, offers to the public a limited number of shares of treasury stock at 25 cents per share. Incorporated under the laws of Arizona, stock non-assessable and no stockholders liability. The property consist of 3000 feet of a mineralized dyke, 300 feet wide, all of which carries mining values.

The company has recently uncovered 50 feet of a 2 foot ledge assay ing from \$114.00 to \$356.00 a ton. A tunnel is nearly completed cutting the ledge at the 100 foot level and work has begun to cut the ledge of the 200 foot level. Every dollar of treasury stock will be used for development of the property and for erecting a concentrating plant.

This is a bona fide proposition and the shares are sure to advance in value. Write for prospectus and further information. The number of shares is limited.

The Silver Queen Mining Co., Oakland, Cal. \$13w

#### ROOMS TO LET

Furnished Rooms: Two furnished rooms to let, corner Spear and Philip street. Electrically lighted, both. Call at house

### DR. VON RADESKY JUMPS OUT INTO FAME

"A prophet is not without fame," says the proverb, and now comes Dr. von Radesky, with his own, his cry own case in point.

It must be our Dr. von Radesky, for a search of the State directory shows but one Dr. von Radesky, and he lives in Carson City.

### PALMETTO GROUP OF MINES SOLD

Goldfield, Sept. 12.—E. P. Farnham used his vacation trip to eastern cities to good account and announced today on his return that he had sold a group of claims in the Palmetto district south of Silver Peak to capitalists of Toledo, Ohio.

The capitalists have organized the Nevada Queen Gold Mining company and will begin a systematic development, which is likely to wake up the district.

The company is officered by W. J. Bitter, president; R. G. Bacon, treasurer; and with these Dr. S. S. Thorne, D. A. Roberts, John Vongunten and Dr. A. G. Hebert compose the board of directors.

All are prominent and professional men of Toledo and Treasurer Bacon is also treasurer of that city.

The claims are to the east of Palmetto Peak and south from Silver Peak and are located close to the property of the McLamore Lead company and the Deadwood Nevada mining company and the ledge is on a line and parphy contact.

THE BOARD OF EQUILIZATION  
NOTICE is hereby given that the Assessor has this day delivered to the undersigned one assessment roll for the current and fiscal year.

And that the Board of County Commissioners will meet as a Board of Equilization at the County Clerk's office on Monday September, 17, 1906, at 10 o'clock A. M., and continue in session from time to time, as provided by law, until the business of Equilization is disposed of.

H. B. VAN ETEN, Clerk.  
Of the Board of County Commissioners.

Carson City, Nev., Sept. 11, 1906.
